Shortlisted Companies

NET ZERO STARTUP CHALLENGE

Congratulations to the following shortlisted companies!

THANK YOU

A full-page background image with a blue color overlay. It depicts a person standing on a beach, looking out at the ocean under a dramatic, cloudy sky at sunset or sunrise. The person is a small silhouette on the right side of the horizon.

Solve the Challenges for a Sustainable Future

Envision Digital is a global AIoT technology leader headquartered in Singapore with over 500 employees across ten offices in China, France, Norway, the Netherlands, the United Kingdom and the United States.

Envision Digital owns EnOS™ – the world-class AIoT operating system which currently connects and manages over 63 million smart devices and 120GW of energy assets globally. Its monitoring, advanced analytics, forecasting and optimising applications provide insights to help clients better manage their assets and portfolio performance. Its offering extends to: Smart Renewables (Hydro, Solar, Wind); Smart Cities; Smart Buildings; Connected Energy; Smart Plants; and Smart Networks; partnering companies and governments in their digital transformation journey.

As a major player in the AIoT operating system, Envision Digital is growing an ecosystem of partners to enable energy and digital transformation globally. Its growing list of over 250 customers and partners spans across ten industries and includes: Accenture, Amazon Web Services, Govtech, Keppel, Microsoft, Nissan, Tableau, Total, PSA International, and Sonnen.
